Your Experience

It's your senior year! Whether you can't wait for your senior pictures or your parents are more excited than you, these photos are all about you. Show off your personality and style with a personalized Senior Photography session!

Here's what you can expect when you book your Senior Photography session:

BOOKING YOUR SESSION

First, **[start designing your session here](#)**. If you have any questions, just let us know!

- Ideally, we recommend scheduling your session at least two weeks in advance. You'll want the time to prepare and not rush into it. Also, some locations require time to get necessary photography permits.
- The best times for outdoor lighting is typically right after sunrise or before sunset, so we recommend morning or evening. Of course, we can work around it.
- Location is your choice! Do you have a special or favorite place in mind? Would you like a particular setting? We always have places to recommend, but if the place is special to you, your photos will be more special!
- Once the date and time are scheduled for your session, the photography agreement will be emailed to you as well as the deposit invoice. A 50% deposit will hold your date and pay toward your balance. The final payment will be due on the day of your session.

DESIGNING YOUR SESSION

We start designing your session by completing the Senior Photography Questionnaire.

- Once we receive your questionnaire, we'll follow-up with any questions, recommendations, and other info to help you best prepare for your session.
- Not sure what to wear? We recommend choosing clothing that is comfortable and fits who you are. (*Don't wear an outfit that you normally wouldn't... let your style shine*). Choose a few different outfits -- We usually recommend one casual and one dressy for variety. Accessories, such as a jacket, necklace, scarf, etc., can also be fun to add. If you have outfit changes, make sure to let us know so we can plan for time and locations to change.
- Props can be fun to add personality and flare. A sign, sports/hobby gear, confetti or something special. If there is something you like, let's incorporate it into your photos! And pets are always welcome!

SESSION DAY

- First and foremost, take a breath, relax, and enjoy this time. Your photos should not be stressful. If you are upset, sick, or not enjoying, when you look back at your photos, that's all that you will remember. Have fun and let us do our thing!
- Plan to arrive early. Being early will also help you relax and enjoy right from the start!
